OBJECTIVE

Computer Science and Engineering graduate with hands-on experience in Java, Spring Boot, Angular, MySQL, REST APIs, and Full Stack Development. Skilled in backend development, database integration, responsive web development, and API development. Seeking Software Developer, Software Engineer, Web Developer or Full Stack Developer roles.

SKILLS

- **Programming Languages:** Java, JavaScript, HTML, CSS, SQL (MySQL)
- **Frameworks & Technologies:** Spring Boot, Angular, JSP, JPA/Hibernate, REST APIs, Docker, Kubernetes.
- **Tools & Platforms:** Git/GitHub, Postman, Docker
- **Soft Skills:** Teamwork & Collaboration, Time Management, Communication, Continuous Learning & Adaptability, Problem Solving
- **Languages:** English, Tamil

INTERNSHIP EXPERIENCE

Full Stack Development Intern | TVK Technologies (Offline) Jan 2026 – Apr 2026

- Worked on full-stack development and real-world projects using Java, Spring Boot, Angular, and MySQL.
- Strengthened skills in application development, database integration, and deployment.

Full Stack Development Intern | Incrix Techlutions LLP (Offline) Jun 2025 – Jul 2025

- Completed a one-month offline internship in full-stack web application development.
- Gain hands-on experience across frontend, backend, database integration, and debugging.

Web Development Intern | Vault of Codes Nov 2024 – Dec 2024

- Focused on front-end web development, UI design, and collaborative teamwork.
- Built responsive web pages using HTML, CSS, and JavaScript.

PROJECTS

Student Academic Management System

- Developed a full-stack web application using Spring Boot, MySQL, JSP, HTML, CSS, and Bootstrap with secure login and CRUD operations.
- Deployed the application using Docker on AWS EC2 with a responsive user interface.

ATM Management System

- Built a full-stack ATM simulation using Java, Spring Boot, JSP, and MySQL with account and transaction features.
- Used JPA/Hibernate for database operations, including validation and user-friendly UI.

Full-Stack Portfolio Website

- Developed a personal portfolio website using Angular, Spring Boot, and MySQL to showcase profile, skills, projects, resume, and contact details.
- Implemented a responsive UI with REST APIs to store contact form submissions in a MySQL database.

EDUCATION

B.E. Computer Science and Engineering | Government College of Engineering, Erode 2022 – 2026 | CGPA: 8.5

HSC | St. Michael's Girls Higher Secondary School, Tenkasi 2021 – 2022

SSLC | St. Michael's Girls Higher Secondary School, Tenkasi 2019 – 2020

CERTIFICATIONS

- **Java Programming** — Infosys Springboard (2024), **Linux Unhatched:** Cisco Networking Academy (2026)
- **Web Development** (HTML, CSS, JavaScript) — Coursera (2024)
- **SQL for Beginners:** Learn SQL using MySQL and Database Design,Scaler (2026)
